i) Students currently attending Québec High School or St. Patrick's High School

Students who attended either Québec High School or St. Patrick's High School during the 2019-2020 school year may register at the school of their choice for the following year. Requests for registration will be handled through the school that the student attended in 2019-2020.

ii) Students currently attending a CQSB school other than DDO Elementary School

Students who attended a school of the Central Québec School Board other than Québec High School, Dollard-des-Ormeaux or St. Patrick's High School during the 2019-2020 school year, and who wish to register at either Québec High School or St. Patrick's High School may apply to the school of their choice for Secondary for the following year. Requests for registration will be received through the school that the student attended in 2019-2020.

HOWEVER, all such requests received after February 21, 2020 must be sent to the Board for placement as per provisions in Section 4, B, iii B. This placement will be subject to approval from the Board depending on available space and resources at Québec High School or St. Patrick's High School.

iii) Students currently attending DDO

Students who attended DDO during the 2019-2020 school year, and who wish to register at QHS or St. Patrick's High School for the 2020-2021 school year may do so during the registration period. However, the conditions outlined in Section 5, b, i-bullet one concerning rights to transportation would apply.

iv) Students not currently attending a CQSB school

A. All requests for registration of students who meet the criteria in section 1 and who did not attend a Central Québec school during the 2019-2020 school year, including students from private schools or the French Sector, will be received and processed by the school of their choice. Requests must be received prior by February 21, 2020. Requests that are mailed must be post-marked by midnight of February 20, 2020

B. All secondary students whose requests for registration are received after the deadline will be assigned to a school by Educational Services. Assignments will be based on the availability of space at the school. A notification of the confirmation of the school to which the student has been assigned will be given to the parents once the application has been processed by Educational Services.

C. All current CQSB students whose requests are received after the deadline will be subject to the provisions of paragraph B.

- D. All requests for registration of students registered in the International Student Program (ISP) who meet the criteria in Section 1 will have their applications processed at the Board and will be assigned to a school by Educational Services.
5. a) Kindergarten and elementary students registering in the Québec City region who meet the criteria outlined in Section 1 will be assigned to a school according to the territorial boundaries or catchment areas as determined by the Council of Commissioners³: Dollard-des-Ormeaux, Everest Elementary, Holland Elementary, Ste-Foy Elementary, St-Vincent, and Valcartier Elementary Schools.

Families with parents having joint custody and whose domiciles are located in two different catchment areas will be required to choose which of the addresses will be their official address for school placement. The children will attend the school in that catchment area and transportation will be provided to and from the official address only.

- b) Requests for cross-boundary transfers, that is, the enrolment of a kindergarten or elementary student in a school other than the school to which he/she is assigned, may be granted for the period of one year only⁴, subject to the following:
- i) The granting of the request:
- does not entitle the student to transportation;
 - cannot create oversized classes, oversized grade levels or oversized cycles within the chosen school according to maximum sizes;
 - does not guarantee that the student will receive the same type of service that is provided at the school to which the student was originally assigned;
 - cannot create any additional cost to the School Board;
 - will be granted only upon consultation with the school principal.
- ii) A written request must be submitted to the principal of the out-going school. This request must be received by no later than May 1 of the preceding school year.

Requests received after the deadline of May 1 will not be considered until after September 1 of the given school year.

The School Board will render a decision and advise parents once the request has been processed by Educational Services.

- iii) If spaces are available they will be filled on a first come, first served basis from amongst those who applied as stipulated in 5.b.ii).
- iv) Academic and social factors may be taken into consideration when rendering a decision about transfers.

³ See Appendix 1 for the description of the catchment areas.

⁴ The on-line registration system (MOZAIK) does not allow for the management of cross-boundary transfers. They must be treated manually. Those families who were granted a cross-boundary transfer must re-apply for the 2020-2021 school year.

- v) For new families registering to the CQSB, and requesting a cross-boundary transfer after the May 1 deadline, requests must come to the school board and they will be dealt with on a case by case basis.
 - vi) Requests for cross-boundary transfers from St. Vincent School to Everest, Holland, Ste-Foy or DDO schools in anticipation of the construction of the elementary school on the south shore will not be considered.
6. The Central Québec School Board recognizes that in the Metropolitan Québec City area, it may be necessary to transfer students from one school to another. This could occur when the educational services, as defined in the Basic School Regulation, needed for a student or group of students, are not offered in one school, but are in another. This could result in the transfer of the student to another school if it is in the best interest for their social, pedagogical, or psychological welfare as determined after an evaluation of the student by the School Board.
 7. When the School Board is unable to provide services for a student, it may be necessary to enter into an agreement with another school board, a private school, or an institution under the jurisdiction of another ministry, for the provision of educational services in accordance with sections 213 and 214 of the Education Act.
 8. All requests to transfer a student from one Central Québec school to another, within the same region and received after September 30 will be treated on a case by case basis by Educational Services. A decision on the request will be determined after an evaluation by the School Board, taking into account the psychological and/or social considerations of the particular student.
