This placement will be subject to approval from the Board depending on available space and resources at Québec High School or St. Patrick's High School.

iii) Students not currently attending a CQSB school

A. All requests for registration of students who meet the criteria in section 1 and who did not attend a Central Québec school during the 2015-2016 school year, including students from private schools or the French Sector, will be received and processed by the school of their choice. <sup>1</sup> See Appendix 1 for the description of the catchment areas.

The children will attend the school in that catchment area and transportation will be provided to and from the official address only.

b) Requests for cross-boundary transfers, that is, the enrolment of a kindergarten or elementary student in a school other than the school to which he/she is assigned, may be granted for the period of one year only<sup>2</sup>, subject to the following:

i) The granting of the request:

- does not entitle the student to transportation;
- cannot create oversized classes, oversized grade levels or oversized cycles within the chosen school according to maximum sizes determined in Appendix 1;
- does not guarantee that the student will receive the same type of service that is provided at the school to which the student was originally assigned;
- cannot create any additional cost to the School Board;
- will be granted only upon consultation with the school principal.

ii) A written request must be submitted to the principal of the out-going school. This request must be received by no later than May 1 of the preceding school year.

Requests received after the deadline of May 1 will not be considered until after September 30 of the given school year.

iv) Academic and social factors may be taken into consideration when rendering a decision about transfers.

v) For new families registering to the CQSB, and requesting a cross-boundary transfer after the May 1 deadline, requests must come to the school board and they will be dealt with on a case by case basis.

<sup>2</sup> Those families who were granted a cross-boundary transfer must re-apply for the 2016-2017 school year.

6. The Central Québec School Board recognizes that in the Metropolitan Québec City area, it may be necessary to transfer students from one school to another. This could occur when the educational services, as defined in the Basic School Regulation, needed for a student or group of students, are not offered in one school, but are in another. This could result in the transfer of the student to another school if it is in the best interest for their social, pedagogical, or psychological welfare as determined after an evaluation of the student by the School Board.

7. When the School Board is unable to provide services for a student, it may be necessary to enter into an agreement with another school board, a private school, or an institution under the jurisdiction of another ministry, for the provision of educational services in accordance with sections 213 and 214 of the Education Act.
8. All requests to transfer a student from one Central Québec school to another, within the same region and received after September 30 will be treated on a case by case basis by Educational Services.
