Accident insurance: what's stopping you?

Accidents can happen to anyone, at any time, and lead to unexpected expenses. But sometimes we're more concerned about protecting our possessions (car, home, jewellery) than ourselves.

It's not that we think we're invincible; we just assume these things only happen to other people.

Already covered under a group insurance plan?

Accirance Select is designed to complement your group insurance plan.

- It includes coverages that group plans generally don't (e.g. coma).
- **Did you know?** You can receive **Accirance Select** benefits even if you're already receiving benefits under a group insurance plan.
- **Accirance Select** reimburses reasonable hospital, paramedical and education expenses or pays a lump-sum benefit that you can use to get the care, services or items you need.

Afraid an accident will leave you unable to care for yourself?

With **Accirance Select**, you have free access to telephone assistance services for guidance and support when you need it most!
