Hello! Today, we wanted to introduce you to the SVS student newsletter writers. These grade 6 students from class 603 have been working to publish articles and stories that will interest our students. Friday will be the 2nd edition of our SVS Student led newsletter. All students in the school are invited to send a writing piece, article, art drawing, to these grade 6 students and it will be published in the monthly editions. From left to Sara-Maude, Maeva, and Emma.

Vinnie Ticket Draw

Every day students have a chance to receive Vinnie ticket(s) for their positive behaviour, doing a good deed, helping a friend, etc. At the end of each month, we have a school Vinnie ticket draw on the intercom and two students per each classroom get their name picked out from their classroom Vinnie jar and win a prize.

As an extension to their initial Space Project, four students from Mr. Ferland's grade 6 classroom presented a sport to other classrooms; Lucas, Olivier, Samuel, and Lucas (left to right). Students from younger grades learned to play Spaceball and Space hockey.
